

Terms & Conditions

Payment Procedures

Synergy Packaging Pty Ltd (Synergy) accepts Visa, MasterCard, direct deposit, and bank cheques as payment methods. All orders less than \$200.00 (before GST & freight charges) will attract a Packaging & Handling Fee of \$15.00 in addition to applicable freight charges. Prices and product availability are subject to change without notice. Please call the office to confirm current prices.

Shipping

Freight and shipping prices are subject to change without notice. Please enquire with Synergy for freight prices. We use a variety of freight suppliers for different destinations. Synergy do not offer freight options for international orders. All International orders will require Customer Own Freight.

Customer Own Freight / Pick-Up

Customer is to arrange own freight upon customer being notified the order is ready for collection. If order is not collected within 14 business days of receiving collection email, the order will be cancelled, and a \$40 cancellation fee will be removed from your payment. The balance will be available as a credit to you on a future order.

Returns and Disputes

Synergy does not accept returns. We gladly accept returns when Synergy has supplied the incorrect stock. Please do not send returns without speaking with a Customer Service Consultant first, as no credit will be raised for product returns that are not authorised. If there are any disputes relating to product specifications, damage during transit, or quantities delivered, please let us know within 14 days of delivery. Any claims made after 14 days will not be accepted.

Colour Presentation

Please note that colour presents differently in different mediums. The colours represented in our catalogue and on our website are slightly different to the actual product itself. This is because colours on paper do not reflect the colours in plastic or aluminum mediums. Please purchase some samples to view the colours of the products. Coloured samples are available to purchases (conditions and restrictions apply – please contact the office for more information). Whilst every care is taken to ensure that we accurately reproduce colours, some colour variation can be present within and between production runs.

Packaging Options

Most aluminum and sleeved products are individually packed to protect the products. Special packaging requirements must be made known to Synergy. However, these special requirements may increase the quoted price and lead time and are not always available. All shiny metal sleeved products should be individually packed to reduce the chance of damage. Products imported from overseas could be damaged during transit via multiple freight methods, such as sea and road. Please note that damage of approximately 1% is to be expected and will not be refunded or compensated unless the customer pays for freight as well as the packaging and handling charges.

Fit for Purpose

Some products may cause the packaging to fail. Please test the packaging with your intended use to ensure that leakage and other interactions with the packaging material does not cause undue reaction. The buyer is responsible for all product testing as Synergy Packaging has no facilities for product trials. Please note that products require testing for longer than 24 hours. Please refer to our Test Your Packaging information sheet for more information.

Lead Times

Please note that locally manufactured products that are not in stock could take up to 6 weeks for production. Additionally, overseas procured products could take up to 14 weeks to arrive at Synergy. In some instances, it could take longer (especially during the peak and national holiday periods). We do endeavor to make available all the stock in the catalogue. If the product is in stock, we will deliver within a week of payment (for prepaid orders).
